RAB DESIGN

Linear Vapourproof

LFY-LED Series

The same vapourproof fixture you already know, can depend on, and trust — now offered as a full family in 2', 4', and 8' models.

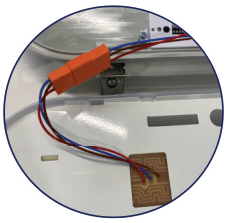
High Performing, Versatile, and Durable – Selectable Features Built to Withstand Any Environment

- **CCT Selectable**
  Choose between 3.5K, 4K, or 5K.
- **Lumen Adjustable**
  Customizable brightness to suit your lighting needs.
- **Universal Voltage**
  Flexible installation with multi-voltage support.
- **Certified Durability**
  DLC Premium, IK10, NSF, NEMA 4X, IP67* rated.
- **UL 1598A Certified**
  Suitable for more demanding environments and some coastal and marine vessel applications.

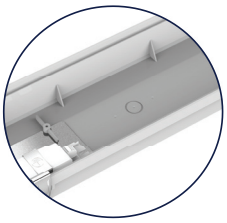
*LFY2/4 rated IP67; LFY8 rated IP66.

Designed in the Field by Canadian Engineers, Designers, and Contractors – Not the Boardroom

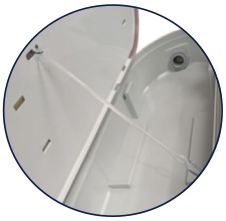
Secure Mounting Latches
Stainless-steel clips that stay put —no more lost or broken pieces.



Quick Disconnect
Easily detach the housing and lens/LED board for faster maintenance.



Less Fuss, Faster Install
Two-part design allows a smoother setup and requires less handling.



Tool-less Fixture
Tool-less design with minimal clips for faster installation.

Optimized for Standard Box
Wide enough to cover standard 4" junction box.

Lighting Made Simple from Purchase-to-Performance

Simple to Buy:
In stock and ready to ship in all sizes.

Simply to Manage:
Wireless lighting management with RAB DESIGN's ControlLED app.

Powered by Intentional Engineering:
Real-world design delivering fewer steps and fewer surprises.

Compatible with:

CONTROLLED

Harnessing the power of Bluetooth Mesh technology, ControlLED by RAB DESIGN enables the seamless control of lighting fixtures, meeting your lighting control needs how you want them, when you need them.
