

Tennis & Pickleball Court Light

TPCL-LED Series

Purpose-built for tennis and pickleball courts, RAB DESIGN's TPCL-LED Series delivers precision optics and uniform, glare-free illumination with efficient fixed CCT performance.

Precision Lighting for Peak Court Performance

- ✓ **Lumen Selectable**
Choose between 40,300 – 100,000 lm to match court requirements.
- ✓ **Uniform Illumination**
Precision optics and durable polycarbonate lens deliver consistent, glare-controlled lighting across every court.
- ✓ **Low Profile Design**
Reduced EPA for improved wind resistance.
- ✓ **Durable Construction**
IK08 and IP66-rated for impact resistance and weather protection.
- ✓ **Universal Voltage**
Simplifies installation with a wide range input support.
