TASK AND ACCENT LIGHTING
FOR INDOOR SPACES

Residential, Commercial
and Industrial applications

UNDER CABINET LIGHTING

RAB Design offers a full line of under cabinet lighting solutions engineered specifically for mounting under tight spaces. Our easy installation process and ultra-slim design make this LED option perfect for residential, commercial and industrial work spaces, offices, hospitality, recreation vehicles and everything in between.

Our product line includes:

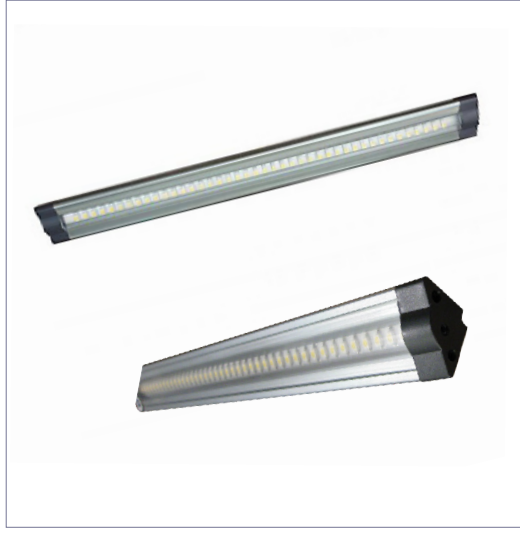

UCA Signature Series

Ultra slim fixtures with pivoting mounting bracket for high end residential and commercial applications.

UC120 Line Voltage Series

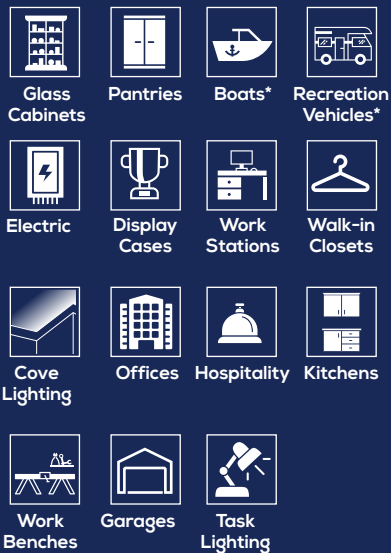

The UC120 fixtures have an embedded 120V dimmable driver for simple, long run, cost effective installations.

UC/UCT Specialist Series

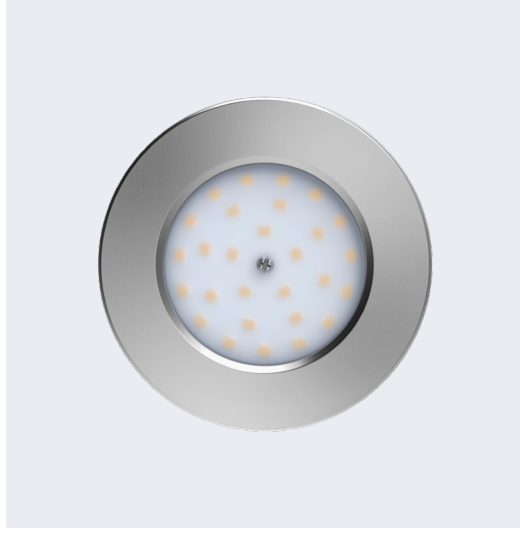

The UC/UCT Series is available in 24V DC or 12V DC for a range of specialized low voltage applications like boats and recreation vehicles.

Ideal Applications

UCM Starter Series

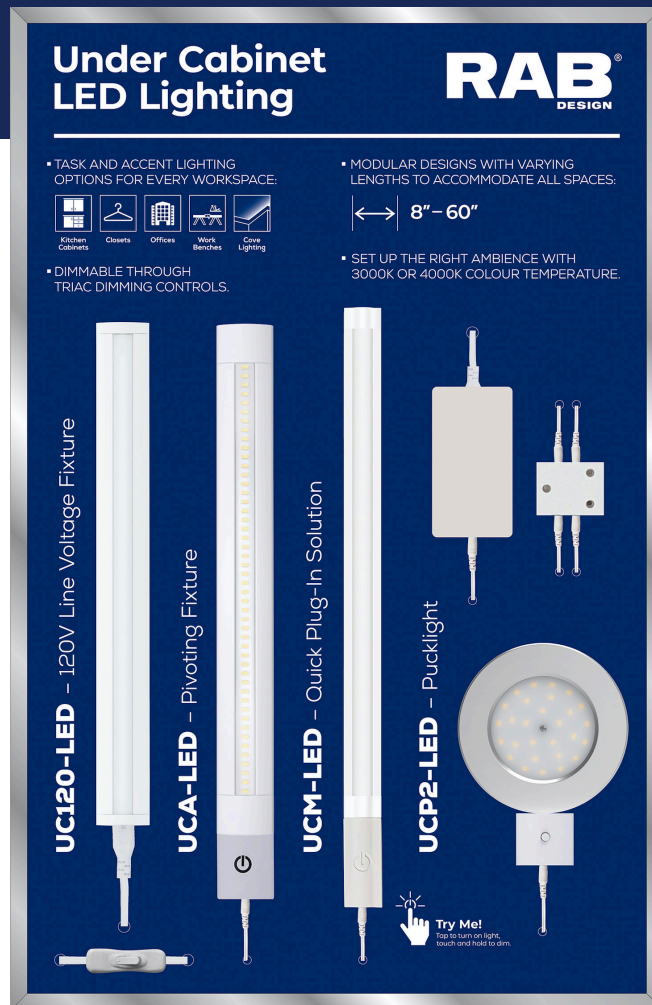

Designed as a slim, modular, cost-effective solution for under cabinet lighting.

UCP2 Puck Light

Slim puck light with flexible in/out connections to link multiple fixtures in series.

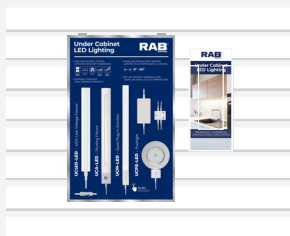

SELL MORE UNDER CABINET LIGHTING WITH OUR NEW DISPLAY!
