

## Power Outlet Box POB – RVEV

A cost-effective and simplified solution for EV charger installations, RVs and other high-power appliances – **continuous 30A or 50A draw**

The POB-RVEV is a weather-resistant, easy-to-install box with receptacles rated for use **with 75°C copper conductors**.

- ✓ **Universal Mounting**  
Securely installs on concrete, wood, or metal pedestals for maximum flexibility.
- ✓ **Enhanced Safety Features**  
Upgraded copper connectors reduce overheating risks and help prevent potential fire hazards.
- ✓ **Reliable Power Performance**  
A high-quality standard receptacle, comparable to premium alternatives, ensures dependable functionality.
- ✓ **Customizable Compatibility**  
Available with an optional adapter plate for seamless installation of Leviton's 50A receptacle.

Approved for  
Wet Location

5 Year  
Warranty

Electrical Testing  
Laboratories Certification

# The POB-RVEV was built tough with the outdoors in mind.

A spring-loaded, self-closing lid keeps moisture out, while the pad-lockable cover adds extra security.

Heavy-duty steel housing with a light grey powder coating for enhanced durability against the elements.

Four pre-drilled 2" conduit openings (top, bottom, and sides) and an open bottom design make wiring hassle-free.

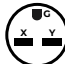

Comes with multiple adapter plate sizes (½", ¾", 1") to accommodate various wiring needs.

Receptacle rated for use with 75°C copper conductor.

## Perfect for outdoor charging up to 50 Amp and 30 Amp
