Curbside Parking

DESCRIPTION:

RAB Design's EV Pedestal is a modern, intelligently designed, and affordable (Single or Dual Mount) for Level 2 FLO chargers. The pedestal is designed to work with FLO Home™ G5, FLO Home™ X5, FLO Home™ X3/5/6/8 - Smart Charger, FLO CoRe+™ and FLO CoRe+ MAX™. Ideal for residential and commercial applications such as garages, parking lots, and curbside parking.

FEATURES:

- Sleek, modern design.
- Can be used in a single or dual mount (front and back) configuration.
- Rugged aluminum construction to withstand extreme weather conditions.
- Aluminum base plate with an 8" Bolt Circle Diameter allows for in/out connections to daisy chain multiple chargers and provides structural rigidity to the unit.
- Provision for Strain Relief to avoid stress to cables and prevent them from breaking. (Strain relief not included with unit)
- Stainless steel hardware.
- Quick removable top cap for easy access for wiring.
- Zinc plated anchor bolts on the base plate are covered by the shaft and thereby hidden from the line of sight.
- Zinc plated anchor bolts that resist corrosion and surface wear are provided with the kit along with the template for drilling pattern.
- The standard finish is Sandtex black.
- Salt spray tested for 1000 hours.
