

STR5-LED65

STR10-LED130

STRING LIGHTS

STR-LED

Light up any job site with confidence using this rugged LED temporary string light, designed to perform in wet and demanding environments. Available in 50 ft or 100 ft lengths, STR features heavy-duty **16/3 AWG** cables and a **linkable design** that makes expanding coverage fast and effortless. Integrated **hanging hooks** enable quick, hassle-free installation, helping keep projects on schedule and worksites safely illuminated.

IDEAL APPLICATIONS

- Construction Sites
- Walkways
- Access Paths
- Tunnels & Underpasses
