

SMW4N-LED

SURFACE MOUNT WRAP

NOW WITH PLUG AND PLAY CONTROLS

Introducing our new SMW4N: the industry's first fully selectable premium wrap with controls.

You asked, and we delivered, with features such as CCT Select, 120-347V wide voltage, plug and play motion sensor, and customizable settings. Energy saving controls and rebate options make SMW4N the most affordable wrap to buy and maintain.

Controls and motion sensor make the SMW4N the ideal solution for any area where conserving energy makes sense:

The New SMW4N Features:

Colour Temperature
Selectability

Wide Voltage
