

Vapourproof Incandescent

VAS100CG Weather Proof

The VAS100CG fixture is weather proof rated for use indoors and outdoors for mounting to an existing electrical wiring box. Great for use in industrial applications or for residential and commercial applications where you want an industrial look with a bit of flair with a painted finish and coloured glass. For custom versions of this and other weather proof fixtures please visit our web site and look under architectural in the products section.

SPECIFICATIONS

	VAS100CG
Fitter	Threaded die cast with cork gaskets.
Socket	Porcelain, medium base, 4KV pulse rated socket with a nickle-plated screw shell and a spring-loaded centre contact.
Globe	Standard unit comes with clear globe, also available are coloured globes. There are two types of coloured globes available. The GL glass is painted on the inside. The second type of glass is the RGL series, which has a more brilliant colour. This is achieved by having the colour added while the glass is being made. Both types of glass are available in the following colours amber, blue, green, red and white.
Guard	Die cast, threaded with set screw for locking guard in place.
Maximum Wattage	100 watt incandescent.
Approval	CSA
Lamp	Not included
Finish	Standard finish is raw. Also available with a powder coat paint finish. Some of the most common colours are black, red, white and blue. For other colours please consult factory.
