RAB DESIGN Adjustable Wall Light

AWLX-LED Series

The RAB DESIGN AWLX-LED series is a contractor-friendly wall light enabling an easy install, flexible output selections, and the option for Bluetooth smart controls.

Built for flexible performance. Designed for easy installation.

Selectable Features to Meet Various Project Needs

CCT Selectable: 3000K / 4000K / 5000K. Optional 2200K LED board available.

Lumen Adjustable: 2300 - 17600 lm (three wattage settings in each SKU).

Wide Input Voltage: 120-347V

Side Hinge Design with Five Conduit Entries

Provides easy access for wiring, allowing for quicker and more efficient installations.

Adjustable Head

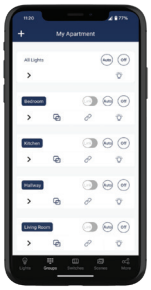
Easily direct light where it's needed with a head that tilts up to 90°

Integrated angle markings allow for quick, precise positioning.

Level Bubble

Ensures fast, accurate installation while helping achieve a clean, professional appearance.

Smart Controls:



Standard DC Photocell
Built in and can be easily disabled without removing or rewiring the fixture.

Optional DHFS
Automatically dims or brightens lighting based on occupancy to reduce energy consumption.

RAB DESIGN
ControlLED™ Compatible
Easily configure and manage lighting settings from the Bluetooth® app, making setup and future adjustments quick and convenient.

Compatible With:

CONTROLLED

Harnessing the power of Bluetooth Mesh technology, ControlLED by RAB DESIGN enables the seamless control of lighting fixtures, meeting your lighting control needs how you want them, when you need them.
