

RAB DESIGN Flood Light

FL 1-3 Series Upgrade

RAB DESIGN's FL Series just got more flexible – without getting bigger.

The RAB DESIGN FL2 and FL3 now deliver selectable wattage and CCT, an integrated photocell, and DLC 6.0 Premium listing.

Same Small Size. Bigger Capabilities.

- ✓ **More Output Flexibility**
Selectable CCT, lumen output, wide voltage input, and on/off photocell control make it easier to configure the right light for different project needs.

DLC 6.0 Premium Listed* to help projects meet rebate requirements and unlock greater rebate potential.
- ✓ **Fewer SKUs to Stock**
Just four SKUs to choose from to meet your job requirements.
- ✓ **Same Great Compact Size**
More features without added bulk keep the RAB DESIGN FL Series the perfect size for an easy install, maintenance, and appearance.

*FL2/FL3-only.

Sign Lighting Made Simple

Mounting arm options make the RAB DESIGN FL Series adaptable for sign applications.
