The APT series comes with a acrylic globe varying in size from 12" to 18" in diameter. The globe is available in clear, bronze and white. For HID applications the socket is a medium base 4kv socket.

RPT SERIES

The RPT series comes with a acrylic globe varying in size from 12" to 18" in diameter and comes with a glass refractor type V. For HID applications the socket is a medium base 4kv socket.

RPTL SERIES

The RPT series comes with a poly globe varying in size from 12" to 18" in diameter and has a glass refractor type V. For HID applications the socket is a medium base 4kv socket.

For globe size and wattage limits please see next page.

BALLAST ASSEMBLIES

All ballasts are factory installed and are available from 35 watts to 150 watts HPS and in MH. All ballasts are available in 120 and 347 volts.

POLES

All pole options are ordered separately. All options are designed to fit over a 3 outside diameter tenon. It is recommended that all poles be 4" round.

FINISHES

Standard finish is black. For other colours Please consult factory.
