

LOS800W 120 OCCUPANCY SENSOR

Fits decorator wall plates with only 1/2" protrusion. 120 volts. Gangable. Full 180° view covers 1000 sq. ft. Can be wired in parallel. LED indicator, wallplate included.

COMPATIBILITY Compatible with dimmers and electronic ballasts. Can be wired in parallel.

EASY INSTALLATION Fits decorator wall-plates with only 1/2" protrusion. Fits single and multi-gang outlet boxes. Tamper proof control cover. Smart box mounts to standard rectangular boxes.

MAXIMUM RELIABILITY Light only when you need it. No ON switch so lights are never left on by mistake.

MAXIMUM RELIABILITY Superb small movement sensitivity within 18 feet. LOS800 has "ZAPS" - Zero Arc Point Switching to protect relay contacts, lengthen ballast and sensor life.
