

PLURIO - BY THORN

The Plurio is an original architectural lantern with four shapes, a choice of a faceted reflector or white optic's and the option of clear or opal lens. One shape the Plurio Effect, has the option of inserting a filter that can have transparent bands, patterns or custom made with corporate logos. The Plurio is available in 57 watt compact fluorescent or 50, 70 and 100 watt metal halide with an electronic ballast. The Plurio is great for parks, promenades and business parks.

CANOPY AND BASE Die cast aluminum with a powder coat finish.

OPTICS Multifaceted optics are made of aluminum. White optics is a painted diffuse matt white painted on the inside of the canopy.

LENS UV stabilized polycarbonate clear with anti-glare prisms or opal UV stabilized polycarbonate.

BALLAST All ballasts are electronic and available in 120-277 or 347 volts.

SOCKET Medium base 4KV pulse-rated socket with a nickle-plated screw shell and a spring-loaded centre contact.
