10 Minute Retrofit:

- 10 minute retrofit. Retrofits to existing 4" round/octagon boxes.
- Polycarbonate lens can be easily replaced with glass globe and guard to provide a different look.
- Gray polyester powder coat paint finish for protection against oxidization.
- Precision die cast aluminum housing with powder coat paint finish for industrial and architectural applications.
- Sleek, modern look with the same ruggedness as the original DVAKS fixture.

IDEAL FOR:

Entrances

Stairwells

Tunnels

Service
Areas

Restaurants

Elevator
Shafts

Glass and polycarbonate globes and die cast guard available as options.
